DETAILED ACTION

Response to Arguments

1. Applicant's arguments filed 12/16/04 have been fully considered and are deemed persuasive. In particular, applicant's arguments regarding the degree of the extending of the flexibility of his invention to defining priority ranking related to the display a plurality of topics of a single program, a degree level not shown by the referenced prior art. Further, the manner of usage of a keyword search is novel and without requiring keyboard input also sets applicant's invention apart from the prior art.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney James Edmondson on 3/17/05. The application has been amended as follows:

IN THE CLAIMS

Claim 10, line 1 "as defined in claim 9" has been changed to --as defined in claim 6--.

Claim 11, line 1 "as defined in claim 9" has been changed to --as defined in claim 6--.

Art Unit: 2684

Allowable Subject Matter

2. Claims 1, 3-8, and 10-23 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding the claims, the examiner is in agreement with applicant as to the reasons for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
